

RINGLY

Whether you choose to wear it on your index, middle, or ring finger, we want to ensure you select the correct ring size. Please read the instructions below to figure out the size that's right for you.

HOW TO DETERMINE YOUR RING SIZE

IMPORTANT

Prior to printing, set your printer to no scaling or 100%. Use a quarter to make sure this page is printed at the correct size. The circle to the right should be the same size as an actual quarter placed on top of it.

- 1** Find a ring from your jewelry box that properly fits your finger.
- 2** Sliding your ring from left to right, compare your ring to each of the sizing circles below.
- 3** Pick the size where you can see the thinnest inner white circle around the black circle. See all black? You've gone too far!

SIZE 5

15.7 mm

SIZE 6

16.5 mm

SIZE 7

17.4 mm

SIZE 8

18.1 mm

SIZE 9

18.9 mm
